Live & Study in your teacher's luxury 5 star home

Home Language International is completely different from any other language experience. You live and study in your teacher's house and in the case of 5 star families you can be sure of a higher standard of living. You stay in our teacher's family luxury home, have one to-one lessons and then continue to use the language during the rest of your stay. You will be given an experience in living the language you are studying. You will learn it as you learn your own language and at your own speed.

5 star families are carefully selected to match your needs and we try to provide a teacher of a similar background to you.

Language holidays tailored to your specific needs.

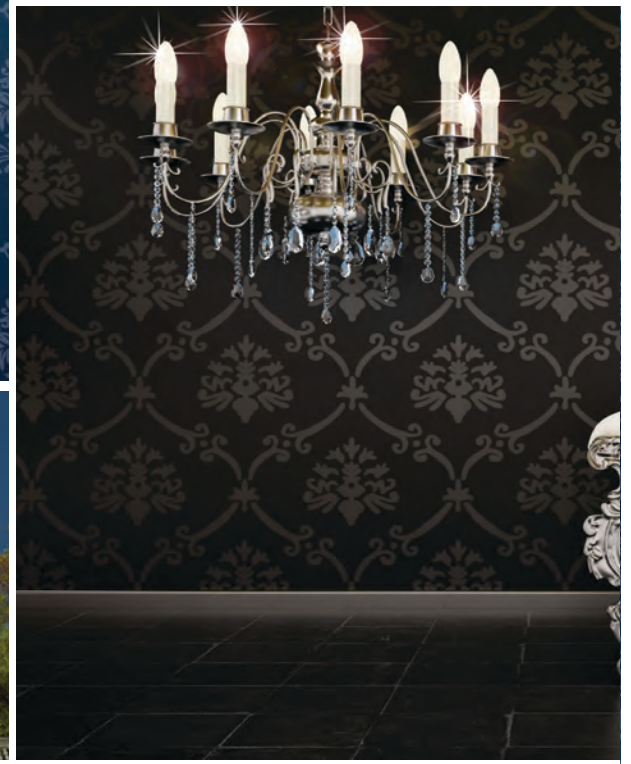

We offer 20 languages in over 30 countries giving us a wide range of 5 star accomodations to suit every taste.

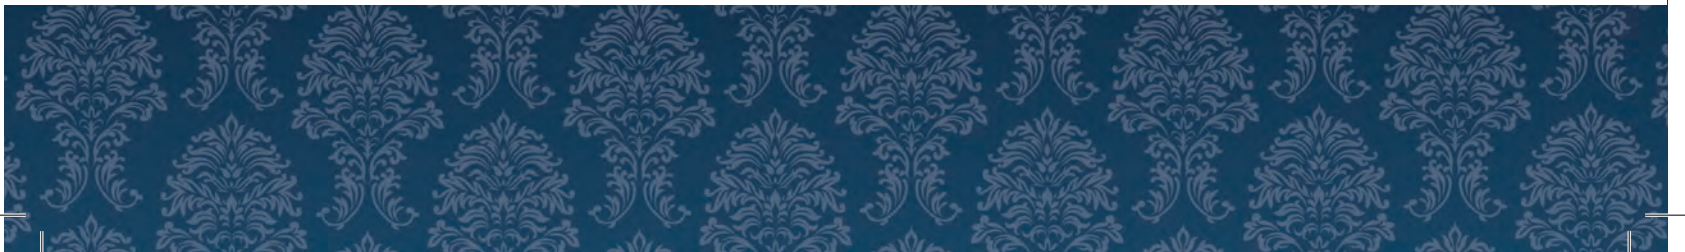

You can choose the dates as we operate all year round.

**COMPLETE ISOLATION FROM YOUR OWN LANGUAGE IS THE
ONLY SURE WAY TO RAPID PROGRESS**

5 STAR LUXURY ACCOMMODATION

A Language course in a luxury setting designed to meet the requirements of international business executives and wealthy holidaymakers wishing to improve their language skills. Also of course we have families especially suitable for children from privileged backgrounds who are used to a high standard of living and might be disturbed if that standard was lower, 5 star families remedy this difficulty.

ADULTS & BUSINESS EXECUTIVES

Until now the senior executive hesitated before travelling abroad to learn a language because the average language course does not offer the living standard to which an executive is accustomed. We have therefore selected some very special families whose standard of living is much superior to the average and who also have exceptional qualifications.

Speak to your business associates in their own language and you will gain their immediate respect.

One to one lessons designed for executives who need to improve their professional language skills. Specialised vocabulary with technical terms in areas such as medicine, engineering, law, computing, finance, architecture etc. can also be provided on request.

VIP 5 STAR FAMILIES FOR JUNIORS

Children from a privileged upbringing should find approximately the same standard of living in our 5 star families.

Unlike a language school your children cannot hide at the back of the class or miss lessons because they live and study in their teacher's home.

Adolescents from a sheltered background can easily be supervised by their teacher according to their parents' wishes.

CLOSER SUPERVISION FOR MINORS

We guarantee that the teacher or an adult member of the family is at home at all times when your child is there. For children who are scared of leaving home for the first time we offer the option of sharing lessons & accommodation with one of their friends or a family member.

ACTIVITIES

Combine lessons with sport,
culture and leisure activities.
Indulge in your favorite activity
while learning a new language.

CONTACT

Our Chairman Ian Josephs M.A. (Oxford) originated the idea of living in the teacher's home in 1979 and he was the first to offer this service.

Home Language International is a family-run business. Ian and Danielle with their 5 adult children and the rest of the staff at the reservations office, together make sure that everything is perfect.
